- Increased Security Regulations Within the S.S.B's (Sonderbaubüres)
 (Special Construction Bureaus).
 - a. In order to make it more difficult for outsiders to get acquainted with the organization of the S.S.F.'s and obtain information on Soviet building projects, new regulations have been introduced.
 - b. In future letters and documents, or supporting drawings will not bear data or the address of the S.S.B. concerned but only the surname of its manager, i.e.:

S.S.B. Leipzig * Roschar

S.S.B. Dresden : Lemm

S.S.B. Eberswalde = Raunheimer

c. Certain building sites will be given numbers, which placed immediately after the surname of the manager, denotes the site. The number is identical with the building project number held at the records of the K.E.O. Wuenddorf, i.e.:

Lemm 127 = Baustelle Rothenburg Bei Görlitz Des S.S.B. Dresden

- 2. Rothenburg Airfield (Lemm 127)
 - a. Runway

The concrete runway running N/S is approximately 4 kilometers long.

b. New Building Construction

The Bau Union Dresden was instructed to carry out all building construction and is at present organizing a Baustelle at the airfield.

The next stage of the project includes the building of the undermentioned for which a figure of 5.6 million marks has been budgeted.

- 1. Waterworks
- 2. A 500 Kva transformer.
- 3. Staff quarters "type 2/55-1", 77 beds; 6 other buildings of a similar type are also in draft stage.
- 4. 5 living quarters "type 19/5"

3. Oranienburg Airfield

Overhaul and repairs are being carried out by the S.S.B. Eberswalde on the so called "Weisse Stadt" but no details of the purpose of the building are known. It is obvious the building has some special significance as Colonel Kaljackin from the K.E.O. Wünsdorf was detailed to speed up the work and to personally supervise it.
